

Our War; As We Stand

Oh I'm weak; Father help me speak, against those who would try to take away my peace.
Our ranks are broken, and many prayers been spoken, but I can feel it rising, and there's commotion

Chorus:

We'll fight for our freedom, the enemies' retreating. Let's put our hands together, undivided we'll stand
War as a nation & strength as a people, Come and take my hand, Come and take my hand

Bridge breakout:

No more...will we stand and watch the days go by!
No more...will we let these people take away our rights?
No more...will we sit around and let the demons rule?
No more...will we stand aside and let them be cruel?

Chorus

Bridge breakout:

Our war...against the enemy band. Our war...for Yahweh we stand.
Our war...to let freedom ring. Our war...oh Yahshua redeem.
